

Job Cost Reporting

Maximize Profitability with Accurate Job Cost Reports

Industries such as construction, manufacturing, property management, and consulting rely heavily on accurate job cost reporting in order to better allocate resources and maximize profitability. Insight e-Tools, paired with ADP, automatically provides job cost reports that include total employer burden, eliminating errors caused by manually created reports.

Companies now have immediate online access to job cost reports that include ...

- Current ADP payroll data
- Employer taxes and overhead costs
- Custom calculations when needed

all in a reportable database to help your business run more efficiently and effectively.

“In order to accurately invoice our properties for employer paid benefits, we needed job cost reports with special calculations. With Insight e-Tools we automatically receive our job cost reports and can easily deliver them online to each of our properties.”
